 A Reserve	£49.95†	 Groundlings	£12.50†		

All our seats are the same – comfortably cushioned and backed, with plenty of leg room – so you just need to decide how close to the action you would like to be!

The York Experience Be a part of the drama in the best seats! Individual chairs right beside the stage with a private area for entertaining guests backstage pre-show and/or during the interval, a glass of champagne and canapes per person and an exclusive backstage tour.

Premium * Either beside the stage or the nearest covered seating to the stage, on the lower tier. A superb, close-up view of the action.

A Reserve * In the middle tier and first row of the upper tier (blocks 2-8), under cover, with an excellent view of the stage, just above the action.

B Reserve * In the middle tier of Blocks 1 and 9 (which may at times have a back view of the actors) and the

upper tier of the rest of the theatre. Under cover with a wonderful elevated view of the action.

C Reserve * In the upper tier. (Blocks 1 and 9 may at times have a back view of the actors.) Under cover with a wonderful elevated view of the action.

Groundlings Be immersed in the drama, in the courtyard right up close to the stage, interacting at times with the actors. It's first come first served! You will be standing for the duration of the play, and will be open to the elements, so dress appropriately. Umbrellas will not be permitted as this will impede the view of other patrons.

Wheelchair users and carers are positioned in the open courtyard in front of A Reserve seating, directly opposite the stage. Best seats in the house! In addition, Premium wheelchair and carer seats will be available under cover at the side of the stage.
